Re: Docket No. 05-0159

Dear Mr. Stutsman:

In the Order issued by the Illinois Commerce Commission (the "Commission") in Docket 05-0159 on January 24, 2006 (the "Order"), the Commission stated that Commonwealth Edison Company ("ComEd") was working with the Ameren Companies ("Ameren") to reconcile differences in the supplier forward contracts ("SFCs") that each Company proposed to use with suppliers. (Order p. 155) In the Order, ComEd was directed to file its SFCs with the Commission within 60 days of the posting of its draft SFC on the auction website. ComEd filed its SFCs with the Commission on March 31. To the extent that unresolved issues with the SFCs remained, ComEd was directed to file a petition with the Commission to identify those issues and seek resolution by the Commission. (Order p. 155) This filing, if needed, is due April 21.

The purpose of this letter is to advise the Commission and parties that there are no open and unresolved issues with respect to the SFCs and that ComEd does not intend to file a petition with the Commission seeking resolution of any unresolved issues.

Very truly yours,

Arlene A. Juracek
Vice President
Energy Acquisition
